

CAPABILITY STATEMENT

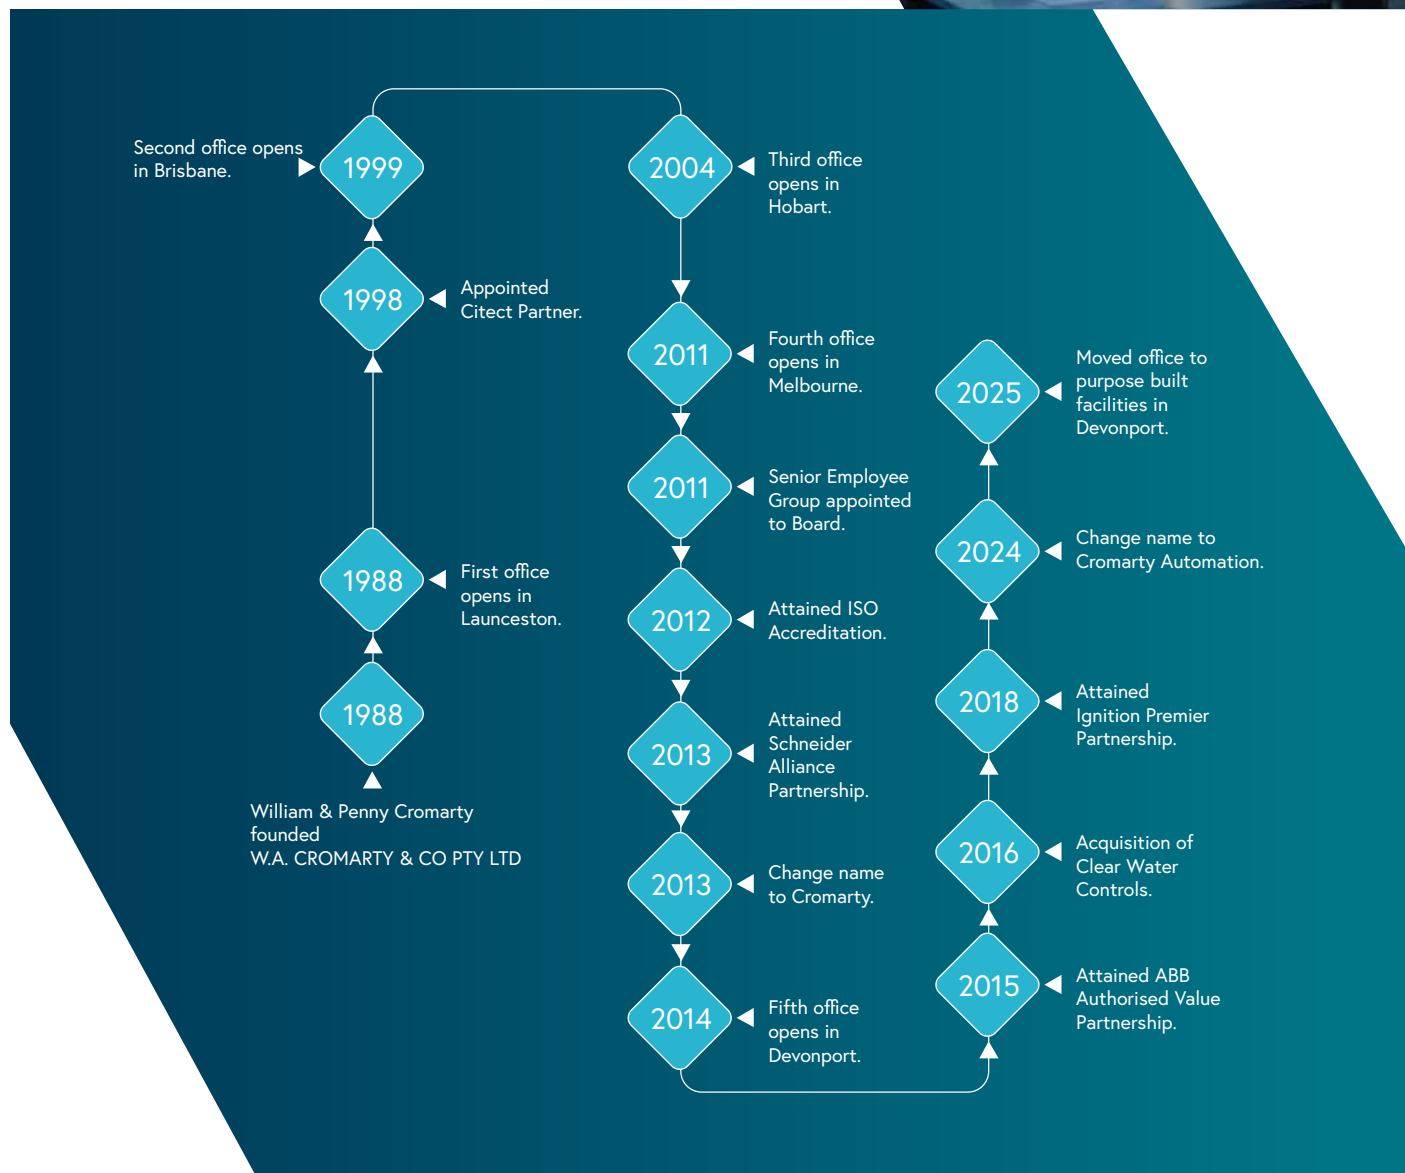

AUTOMATE. INTEGRATE. ELEVATE.

OUR STORY

Cromarty Automation is a leading provider of advanced automation technology solutions.

Founded in 1988, we pride ourselves on delivering innovative, reliable and cost-effective industrial automation systems, tailored to meeting the diverse needs of our clients across various industries.

OUR EXPERIENCE

WE TURN COMPLEXITY INTO SIMPLICITY.

With every client our approach remains the same: technical excellence teamed with personalised service.

Our solutions are multifaceted and range from simple to intricate. By placing value on collaboration and understanding, our team are able to ensure each project is successfully completed with the needs of your business in mind.

INDUSTRY EXPERIENCE

- ▼ Renewable Energy
- ▼ Food & Beverage
- ▼ Manufacturing
- ▼ Mining & Mineral Processing
- ▼ Pulp & Paper
- ▼ Pharmaceutical
- ▼ Oil & Gas
- ▼ Energy
- ▼ Water & Waste Water
- ▼ Agriculture

AUTOMATE. INTEGRATE. ELEVATE.

OUR FOCUS

OUR KNOWLEDGE & UNDERSTANDING ELEVATES US.

Industrial automation:

- ▼ Custom automation solutions for manufacturing processes, including robotics, PLCs, and SCADA systems.
- ▼ From drawings to installation, we can provide turnkey solutions.
- ▼ Seamless integration of electrical communication and instrumentation with existing infrastructure; to enhance operational efficiency and minimise downtime.
- ▼ We support all major automation brands to ensure our clients get the best solution.
- ▼ Information management systems, including Historians, MES and ERP as well as validating & auditing services.

Cyber Security:

- ▼ Risk Management Program.
- ▼ Framework Compliance Support.
- ▼ Vulnerability Assessment Services.
- ▼ Operational Technology Cyber Security.
- ▼ Operational Technology Incident Response.
- ▼ Architecture, Configuration, Deployment and troubleshooting.
- ▼ Cloud Infrastructure Management.

Renewable Energy:

- ▼ Automation & Process control for renewable energy operations through PLC, SCADA, Telemetry RTAC system design, programming installation and commissioning.
- ▼ Balance plant (BOP) control systems for Solar, Wind & Battery Energy Storage Systems.
- ▼ 8Legs, Cromarty Automation's AEMO Semi Dispatch platform communications tool.
- ▼ Electricity Market Management System (EMMS solutions).
- ▼ Flexible and affordable Cloud Hosted SaaS solutions.

OUR DIFFERENTIATORS

WE SOLVE PROBLEMS AND DELIVER RESULTS.

▼ **We solve problems – we don't make them.**

We will work with your team to understand your issue and we will deliver a bespoke solution to fix your problem.

▼ **We keep our promises.**

We honour our commitments and will complete your project exactly as agreed – how, when and where.

▼ **We're not manufacturers.**

We use specialised software and equipment from reputable brands to deliver a customised, high-quality automation solution.

▼ **We don't walk away.**

We will see a project through to the end, no matter what obstacles get in our way. We persevere.

▼ **We are Australian owned.**

We support local industry, distributors and people.

▼ **We are agile.**

We are collaborative, responsive and flexible.

AUTOMATE. INTEGRATE. ELEVATE.

OUR QUALITY & SAFETY SYSTEMS

OUR BUSINESS IS UNDERPINNED BY MANAGEMENT SYSTEMS YOU CAN RELY ON.

Cromarty Automation is committed to maintaining best practice standards across our operations

We work with a diverse group of businesses across a broad range of industries, so it is essential our management systems provide a rock-solid foundation for everything we do. This ensures a consistent approach to delivering quality outcomes for each and every client.

Our certifications & accreditations include:

- ▼ ISO 45001:2018 OH&S Management System
- ▼ ISO 14001:2015 Environmental Management Systems
- ▼ ISO 9001:2015 Quality Management Systems

We are also fully accredited to:

- ▼ Design and implement safety systems (TUV) and
- ▼ Design and install Electrical and Control Systems in Hazardous Areas
